

Seniors Benefit From Home Health Care

Home health care is a growing service for seniors and those in assisted living communities, delivering necessary medical care and rehab therapies without the need for transport to a doctor's office or hospital.

Here's a quick list of home health care benefits:

Skilled care. Skilled medical care can be received at home by supervised, licensed nurses. This can help ensure that you or your loved one's complex medical needs are met without leaving home.

Nutrition support. Many seniors, especially those with chronic conditions, don't get the nutrition they need. Nutritional counseling can help protect against malnutrition.

Medication management. Multiple prescriptions can be confusing. Home health care professionals can ensure the right meds are taken at the right times to help control health conditions

Better health. Research also shows that health outcomes are comparable or better with fewer complications when home care is provided to those with chronic conditions such as pneumonia, diabetes or COPD.

Cost-effective, quality care. The average cost of home health care is significantly lower than hospital or nursing home costs and is often covered by insurance.

TRANSITIONS AT HOME

Transitions At Home provides home health care here at our facility and is available for services in your home as well. They are dedicated to providing quality care, safety and well-being for patients.

Their team of health care professionals promote compassion, comfort, dignity, quality and respect.

Home health services include physical therapies, blood pressure checks, diabetic & other pain management, IV therapy, wound care, catheter & ostomy care, lab draws, medication management, and nutritional and safety assistance, and more.

Transitions At Home serves 10 counties in central Wisconsin. Call for a FREE in-home consultation: 715-544-2322.

Wish List

We're looking for tax-deductible donations of creative activities materials such as:

- 1.) Suncatcher kits
- 2.) Molding clay for finger pots.
- 3.) Artificial flowers for floral arranging

As a 501c3, we're always grateful for your cash donation as well which helps support our residents and improve our facility.

Thank you!

Letter from Administrator

Oh, my goodness! Can you believe the beautiful summer we are having? Summer is such a fun time of the year and we get some extra opportunities to play. Summer also means our seniors are looking for activities to fill their days and what better way to keep them busy and beat the heat than with a ROFL car wash. Please enjoy some of the pictures we took of that cheerful day. - *Kate Schlote*

We are proud to show off our beautiful facility. Residents have even made it their own by personalizing outside their windows.

Classic Car Show September 15th at 2pm at our facility

Residents will vote for best in class. Bring your classic car and join the fun.

Must be 18+.*

The National Center for Assisted Living (NCAL) has selected **"A Spark of Creativity"** as the 2019 theme for National Assisted Living Week®.

This theme hopes to inspire residents to tap into their creative side, whether through the arts or beyond. Specifically, residents should explore art therapy as it can offer many benefits to older adults, such as improving cognitive and sensory-motor functions, fostering self-esteem and self-awareness, cultivating emotional resilience, enhancing social skills, and reducing and resolving conflicts and distress, according to the American Art Therapy Association.
